Re: Proclamation of Local Emergency and State Assistance

On July 12, 2011 the Board of Supervisors pursuant to their authority under Government Code Section 8064 passed a Resolution Proclaiming a Local Emergency due to wind and lightening storms on July 7th and July 10th 2011 that caused substantial damage to power poles and infrastructure.

As the Director of Emergency Services for Imperial County, the Board of Supervisors has authorized me pursuant to Section 2.104.060 of the Imperial County Code to "Request the Governor to proclaim a state of emergency, when in the opinion of the director, the locally available resources are inadequate to cope with the emergency."

Therefore, I am hereby requesting that the Governor proclaim a state of emergency and or a Secretary's Concurrence for Imperial County to allow us to be reimbursed for responding to this emergency and to be eligible to receive disaster assistance from the State and Federal government.

Very Truly Yours,

Tony Rouhotas Jr.,
Assistant Director of Emergency Services
Fire Chief/OES Coordinator
